DEATH OF A U-BOAT. War artist William Heaslip pictures a Nazi submarine attacked by a British motor torpedo boat and destroyer

ARTIST WATCHES, SKETCHES DRAMATIC LONDON RAIDS

FOR THREE CENTURIES the cross and cupola of St. Paul's have dominated the London so graphically depicted by Montague B. Black, the English artist whose eye-witness war sketches are Star Weekly features. But indiscriminate bombing of greater

London by German planes has filled the night sky with barrage balloons and searching rays of light. In retaliation for devastating Royal Air Force raids on Nazi military objectives, Hitler rants of loosing 600,000 pounds of bombs on Britain nightly

A HALF-SPENT MOON and Artist Black were witnesses to this terrific explosion when a German plane bombed a street of modest houses on London's outskirts the night of Aug. 23. Sweeping over England in 100-plane waves, the raiders harassed three

peaceful suburbs without killing anyone. Unable to hit military and industrial centres, the Germans in August destroyed 800 houses out of a total of 13,000,000 in England. About 1,075 civilians were killed by bombs and as many more seriously hurt

One good soup

SUGGESTS

Campbell's TOMATO SOUP

The most popular of Campbell's 21 kinds—and the best liked soup in the world! Probably you know this smooth blend of fine sun-ripened tomatoes, enhanced with light seasoning and good creamy butter—and know, too, how it brightens the table, and gladdens the appetites of young and old...

But you should know Campbell's other good soups, too! For they are made by the same experienced cooks, with the same patient care. Each is a pleasure to eat in its own distinctive way, but all have the homelike goodness that has led housewives everywhere to have their soups made by the experts in Campbell's spotless Canadian kitchens.

ANOTHER—

CHICKEN GUMBO. A celebrated soup of southern origin, adapted by Campbell's to modern tastes. Its chicken broth is full of good things—luscious tomatoes, rice, tender okra, morsels of chicken—all seasoned with savory herbs. An unusual dish, *unusually good!* Surprise the family soon with Campbell's *Chicken Gumbo*.

and ANOTHER—

CELERY SOUP. Delightful, nourishing! Campbell's makes it of freshly pulled Canadian celery, crisp and white, enrich it with fine table butter and add tender pieces of celery. It's splendid for children—and a grand party dish! Enjoy cream of celery sometimes, too, by adding milk (instead of water) to Campbell's *Celery Soup*.

and ANOTHER!

BEAN with BACON. Here's a soup for the men—or anyone who is good and hungry. A thick, delicious bean purée, chock-full of plump beans and perked up to perfection with savory Canadian bacon. Flanked with a fresh green salad and dessert, it makes a nutritious and welcome meal. Remember this good soup—Campbell's *Bean with Bacon Soup!*

ATLANTIC COAST DEFENCES

CANADA AND THE UNITED STATES are rushing defences for their coasts, particularly those on the Atlantic, where danger is greatest. This striking night scene shows a U.S. battery

practising with 3-inch anti-aircraft guns. Canadian batteries are doing the same in Newfoundland—an integral part of Canada's eastern defence system—where \$1,000,000 is being spent

CANADA-U.S. PLAN DEFENCES

CANADA'S DEFENCE of her lengthy eastern coast is materially aided by the U.S. ship-swap for leases on British air and naval bases on this side of the Atlantic. Bermuda's Great Sound and Newfoundland's \$16,000,000 airport are two of the bases. The airport's main runway is 1,000 by 5,000 feet, or big enough to permit fleets of planes to take off abreast. The Canada-United States defence council is busy formulating plans of a permanent nature. In all such defence measures the three branches of the service work together like a well-coached team. The existing defence network already set up by Canada on her east coast is of great value to the United States

HARD AT WORK is the defence council. Seated members are (left to right): Lt.-Gen. S. D. Embick, Col. O. M. Biggar, Canadian chairman; Hon. J. P. Moffatt, Prime Minister W. L. M. King, Mayor La Guardia, U.S. chairman; Hon. J. L. Rolston, Capt. H. W. Hill. Standing (left to right): Dr. H. L. Keenleyside, J. D. Hickerson, Brig. K. Stuart, Capt. L. W. Murray, Commander F. P. Sherman, Air Commodore A. A. L. Cuffe, Lt.-Col. J. T. McNorney and Major J. S. Gullet

CANADIAN AIR FORCE AND NAVY GUARD COASTLINE

A CEASELESS WATCH is kept over Canada's Atlantic coast and the Royal Canadian Air force and the Royal Canadian Navy co-operate to the fullest extent in their air and surface patrols.

Here a big Stranraer flying boat taxis into its base after a long patrol over a section of the eastern coast line. If the occasion arises planes circle low to signal surface patrol boats

LAWRENCE OF ARABIA carried on experiments with boats of this type. This one is used for carrying passengers to the transatlantic seaplane base at Botwood, Newfoundland. At Gander

lake, some 45 miles from Botwood, is the greatest airport in the world. It was built at a cost of \$16,000,000 by Britain and is large enough to accommodate squadrons of U.S. or Canadian planes

CANADA'S NAVY numbers 10,000 men and coastal patrol is one of its tasks. Its ships are constantly on the alert for enemy submarines or raiders attempting to lay mines in channels

COMING ABOARD, to make a fast but thorough examination of a Greek freighter in coastal waters, a Canadian naval officer is greeted by the skipper. Such courtesies are traditional

MAZE OF DEFENCES WOULD FOIL EASTERN INVASION

NOVA SCOTIA forms a strong link in the eastern coast defences. Pointing out to sea "somewhere in Nava Scotia," this big gun is

manned by members of the First (Halifax) Coast Brigade. Army, navy and air force co-operate to make defences perfect

POWERFUL R.C.A.F. searchlights sweep coastal skies at night, when danger of enemy air invasion is greatest

ENEMY SHIPS can be sighted from this protected post high above sea level and observers can telephone its range to shore battery gunners

HAMILTON HARBOR occupies a corner of the Great Sound of Bermuda which has been leased for 99 years by Britain to the United States for use as an air and possibly a naval base.

Bermuda is the largest island of the British colony off the coast of North Carolina and it is of vital importance to the eastern defence line. The sound is the only water entrance to Bermuda

CANADIAN SCOTS HAVE JOLLY AMERICAN BUDDIES

CANADIAN ESSEX SCOTTISH regiment, now in England, includes a number of Americans. Above are some. Front row, left to right: C. Stevenson, Detroit; Herbert Wilbur, Royal Oak, Mich.; Clarence Izleman, Toronto, Ohio; Frank Macko, Corry, Penn. Back row: Bradford Smith, H. Bull, Alex. Montrou, all of Detroit, and Edward Glaser, Milwaukee

PIPE-MAJOR JOCK COPLAND (left) of the Canadian Essex Scottish, whose home is in Windsor, Ont., leads an inspiring band which includes his two sons, James and Robert, a circumstance unique in the service. James is a piper and Robert a drummer. The band is a popular feature at the training camp in England, where the smartness of the regiment has received much commendation. It is in this corps that David Croll, M.P.P., the mayor of Windsor, serves in the ranks. Above: Merry men of the Royal Hamilton Light Infantry combine in "cooling off" a comrade after a strenuous session of training. The picture is indicative of the high spirits of the fighting lads from the Dominion

BRITONS LAUGH AT WAR

GERMAN BLITZKRIEGS were at their height in England when this picture was taken. Indicative of the British war spirit,

it shows a Saturday afternoon crowd at Richmond, one of the Thames-side towns experiencing its best season in 25 years

A MUSICAL INTERLUDE was enjoyed by this little soldier when the band took a "breather" during a sports meeting for an Australian contingent. He seems to share the confidence of his elders in an ultimate victory

For HAIR THAT MEN ADMIRE ...form this simple habit

Without wasting a minute of their time, DANDERINE has proved to thousands of women how one simple habit can keep their hair lovelier, and looking more "lively."

Form this habit now. All you do is this—instead of putting water on your comb or brush when you arrange your hair, sprinkle on a little DANDERINE. No need for tedious, finger-cramping massage; the active formula of DANDERINE does the work. But use DANDERINE this way daily. Right

from the start your hair will be more lustrous. Lovelier. Easier to arrange. Your scalp will look and feel cleaner. And because DANDERINE dissolves loose dandruff, those little white flakes will soon cease to be a worry!

Get DANDERINE now; start using it tomorrow. It costs little, lasts a long time. At all drugstores.

DANDERINE

MASCOT "PIP" was there too when members of the Auxiliary Territorial Service held a field day near Aldershot. The English are naturally sports-minded and call the game of dawning Nazi bombers "blitzcricket"

NO WONDER THESE MEN of the motor transport section in the southern command area look forward to refreshment! The F.A.N.Y. sergeant seems to have made a direct hit with these happy soldiers of Britain

Do as your dentist does when he cleans your teeth—use **POWDER**

100% CLEANSING PROPERTIES NO ACID, NO GRIT, NO PUMICE OUTLASTS TOOTH PASTE 2 TO 1

The big job a dentifrice has to do is *clean the teeth*. That's why your dentist almost always uses **POWDER**—to clean and polish the teeth more quickly, and to leave them more naturally white.

Dr. Lyon's Tooth Powder is **ALL POWDER**, with 100% cleansing properties—a special dental powder developed for **HOME USE** by a distinguished practicing dentist. Free from all acids, grit or pumice, it cannot possibly injure or scratch the tooth enamel. For over 70 years dentists have prescribed Dr. Lyon's

Tooth Powder for the way it cleans and brightens dull, dingy, film-coated teeth. It leaves your mouth refreshed, breath sweetened—does all any dentifrice can do to keep gums firm and healthy and teeth sparkling, with the least possible chance of decay! As a neutralizer in acid mouth conditions, Dr. Lyon's is just as effective as Milk of Magnesia.

Even a small package of Dr. Lyon's Tooth Powder lasts twice as long as a tube of tooth paste—so it's not only more efficient, but more economical to use.

JACK TARS TRAINED FROM BOYHOOD

SEA CADET CORPS of East Surrey is 120 strong and the pride of a locality which embraces Croydon, Coulsdon, Purley, Gaterham and Kenley. Above is the Kenley squad undergoing inspection. The little chaps all have real guns, for skill in handling a rifle is an important detail of their training

"THE WHITE GHOST" is the name of this little craft, a thirty-tanner, manned by a crew of four, with a sub-lieutenant in charge. It is a unit in the Royal Navy Patrol Service which watches over 40 miles of the Thames, including 20 miles of docks. Every evening as dusk steals over the river these motor boats set out from various landing stages between Westminster and the Thames estuary. They patrol until dawn. The crews are yachtsmen and others who have their hobbies in civil life afloat

YOUR BABY'S FIRST VEGETABLES AND FRUITS

Radical changes in baby feeding methods are taking place, due to the development of homogenized fruits and vegetables, a recently published booklet on infant care states. Stress is also laid on the health importance of earlier solid food feeding. Babies as young as six weeks were successfully fed homogenized fruits and vegetables, in tests conducted in laboratories and clinics—direct result of which is the recommendation by many doctors that homogenized vegetables and fruits be included in the diets of three-months-old babies—often even younger—as protection against nutritional anemia.

Mothers in step with the times will welcome the valuable information contained in this illustrated booklet entitled "Your Baby's First Vegetables and Fruits," and LIBBY'S of Chesham, Ontario—exclusive producers of Homogenized Baby Foods—have made it available on written request.

"Our new *RCA Victrola* a Luxury?"

No Sir! Let Me Tell You Something"

"DOUBLE ENTERTAINMENT with radio and Records means Plenty!"

"Believe you me . . . we get everything that's broadcast at home or abroad. That improved Super Band Spread Overseas Dial makes short wave tuning as easy as local . . . and if we get a little tired of radio a simple switch over and we can play our favourite music over and over, hour after hour, on Victor Records."

"And the Kids Stay Home for a Change To Dance to their Favourite Bands . . ."

"And why not . . . where else can they hear Glenn Miller, Artie Shaw and Tommy Dorsey playing over and over the hits of the week. Swing or sweet, it's all the same to that RCA Victrola. And when those kids start to dance they keep it up for hours . . . our Victrola even changes the records for them."

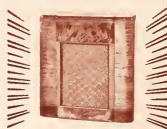

"This RCA Victrola has the Best Foreign Reception You Ever Heard."

"The radio in this instrument has so many improvements, it's amazing. Just listen to London roar in . . . wouldn't you think that was a local station? Yes sir, it's grand . . . and no special aerial's needed . . . in fact, no outside aerial at all is needed with the Two-in-One Magic Loop Antenna. Look . . . you can rotate it to give you best reception."

"Our Sunday Afternoons are Fast Becoming Famous as Musical Salons With Mother's Library of Victor Recorded Music . . ."

"Mother has a grand time Sundays. Her musicales on Victor Records are becoming famous. Friends drop in regularly to hear their own special favourites . . . soloists, symphonies, the opera . . . all played by famous artists who record for Victor exclusively."

KING AND QUEEN SET EXAMPLE OF GOOD SPIRIT

KING GEORGE watched a mock battle in southern England recently, when it was shown how tanks can be stopped by guns or barbed wire. He also trained the sights of a Bren gun on a low-flying plane

"GREAT PLUCK" was rewarded when the King and Queen presented Mrs. Nora Caldwell (left) with the medal of the Order of the British Empire for having captured a German parachutist single-handed in her front yard. Visiting the northeast coast (above) they talked with the owners of houses damaged during German air raids

H.M.C.S. RESTIGOUCHE BAGGED SIX SUBMARINES

CANADA'S SLEEK DESTROYERS are doing a great job in this war. H.M.C.S. Restigouche has just returned to home waters with a bag of six U-boats. She took part in a hot engagement off Bordeaux and rescued Polish troops

NEPHEW OF PRIME MINISTER KING, Commander Horatio Nelson Lay brought the battle-scarred Restigouche home. She was the first Canadian ship to exchange fire with Nazi shore batteries during the evacuation from France

**"Whee!...this tub sure
does shine after Bon Ami!"**

Even the youngsters notice the difference Bon Ami makes! It gets dirt and "bathtub rings" off in a jiffy—and, at the same time, leaves the porcelain with a high polish. But that's only half the story. Bon Ami is also safe—in fact, just as safe as it is thorough. For it contains none of the gritty substances that scratch bathtubs and sinks. Actually, Bon Ami is so gentle that it doesn't roughen or reddens your hands! Use it—as millions of women do—for all your household cleaning.

ICE BOX CAKE

Luscious with BAKER'S Chocolate

4 squares Baker's Unsweetened
Chocolate
½ cup sugar
Dash of salt
¼ cup hot water
1 tablespoon cold water

1 teaspoon granulated gelatin
4 egg yolks
1 teaspoon vanilla
4 egg whites, stiffly beaten
½ cup cream, whipped
3 dozen lady fingers

Melt chocolate in top of double boiler. Add sugar, salt, and hot water, stirring until sugar is dissolved and mixture blends! Add cold water to gelatin and mix. Add to hot chocolate mixture and stir until gelatin is dissolved, then cook until mixture is smooth and well thickened. Remove from boiling water and add egg yolks, one at a time, beating thoroughly after each. Place over boiling water and cook 2 minutes, stirring constantly. Add vanilla, fold into egg whites. Chill. Fold in whipped cream. Line bottom and sides of mold with waxed paper. Arrange lady fingers on bottom and sides of mold. Add thin layer of chocolate mixture. Then arrange lady fingers and chocolate mixture in alternate layers, topping with chocolate mixture. Cut off lady fingers around sides of mold and arrange cut pieces on chocolate mixture. Chill 12 to 24 hours in refrigerator. If desired, add ½ cup finely cut walnut meats to chocolate mixture before turning into mold. Unmold. Serves 12.

(All measurements are level)

Baker's Cocoa was the favorite recently when hundreds of women judged cocoa in a "blind" test. In Hot Cocoa, Cold Milk Shake and every recipe calling for cocoa, the big majority of these women found that Baker's Cocoa gave "finer flavor and color." Baker's Cocoa is richer. For generations it has been "the finest cocoa."
